The majority of the items on our list can be purchased from the following catalogs. We have included, by the catalog listed, some of the more popular items from each. If you don't have a catalog, call or e-mail to get the copy you have chosen. We refrained from including the cost of each item because there is always a fluctuation in the cost. If you are interested in the cost of an item, please call the "800" number of the most logical catalog. *(This catalog list does not represent an endorsement of any company or product.)*

SWITCHES AND Environmental Controls

Name: Switch Assessment Kit

Description: Switch Assessment kit that includes a Grip & Puff, Grip Kit, 3" x 5" plate, Tilt Switch, Ultimate Switch, Adjustable Pinch Switch, Button Click Switch, Petite Pillow Switch, Sound Activated Switch and a Life Breath Switch.

Parts of system: Assortment of switches in carrying case

Compatible with: Battery, Electrical device & Computer

Number: (000200)

Name: Jelly Beamer™ wireless switch (Red)

Description: The Jelly Beamer wireless includes one transmitter and one receiver. Simply turn both components ON, plug the receiver into any switch-adapted device, electric appliance, or computer and you're ready for wireless access.

Each switch is uniquely paired with its receiver, allowing multiple students to use their own Jelly Beamers at the same time, from as far away as 30-feet, without interfering with one another.

Parts of system: Wireless Switch and Receiver

Compatible with: Battery, Electrical device & Computer

Number: (000201 - 000202)

Name: All Turn It Spinner

Description: The All-Turn-It Spinner is hands down, the all-time #1 inclusion tool available today! It's so much fun, kids can't stop using it! Let's students participate in regular classroom activities even if they don't understand the curriculum content. Overlays made with Reusable Vinyl Stickers are a learning tool for basic concepts like numbers, colors and shapes, or skills such as matching, sorting and sequencing. So easy to set up, a student's peers can do it. Flexible format makes it easy to customize to any classroom activity. Meets all US consumer toy safety specifications

Parts of system: Switch

Compatible with:

Number: (000203) & (000204) (2 available)

Name: Ultimate Switch

Description: The most universal, versatile, multi-faceted switch. It's designed to be used by even the most profoundly challenged or neurologically impaired individuals. It requires only the slightest touch for activation (10 grams of force).

Parts of system:

Compatible with:

Number: (000206)

Name: Switch Latch Timer

Description: Controls the use of battery driven toys or devices using either a latch mode or a timed mode. In latch mode, a device stays on until a switch is activated. In timed, device will run for 1-60 seconds.

Parts of system: Switch latch timer, cord

Compatible with: Battery operated devices

Number: (000210)

Name: Power Link 3 Control Unit

Description: Environmental Control Unit - The PowerLink® 3 control unit gives students the ability to control most electric appliances, tools and toys with single switches. PowerLink 3 control unit also gives students the power to take turns operating devices, activate two devices in sequence or experience the freedom of choice making when deciding between two activities. Four modes of control, including Direct, Latch, Timed Seconds and Timed Minutes let you choose the amount of time the activity requires to ensure student success. PowerLink 3 delivers 1700 watts of power - enough to run most electrical appliances, tools and toys. Team PowerLink 3 with the AirLink cordless switch or use the PowerLink's built in switch jacks for corded switch activation

Parts of System:

Compatible with:

Number: (000211)

Name: Switches (assorted)

Number: (000307)

Name: USB SAM-Trackball (Switch Adapted Mouse)

Description: You simply plug SAM-Trackball where your current mouse is, and plug your switch(es) into SAM. A switch plugged into one of SAM's switch inputs acts as the corresponding button, function. The accompanying software lets you set up the switch inputs as just about anything you'd like.

Parts of system: Switch

Compatible with: Mac & PC

Number: (000313)

Name: WAVE - Switch adapted mouse

Description: For students who prefer to work alone, or in small groups, WAVE is an affordable trackball for plug-and-play access to any classroom computer. Specifically designed for users with limited hand control, motor skill difficulty, hand-eye coordination challenges, and/or involuntary muscle spasms, AbleNet's WAVE features an oversized trackball with free-running movement that requires only the slightest touch. Color-coded buttons allow for left/right clicks, as well as drag lock, giving users the ability to "lock on" to a screen object so it can be dragged without continuously pressing a button.

Parts of system: Trackball

Compatible with: Mac & PC

Number: (000315)

Name: CRUISE - Adapted trackpad

Description: For students with significant motor skill and mobility challenges, CRUISE represents a major breakthrough in computer access and cursor control technology. Unlike a mouse, trackball or joystick, CRUISE requires no hand or wrist movement, and unlike a touchpad, the cursor does not have to be "guided" around the screen by constant finger movement. Instead, this unique device allows users to control the speed and direction of the cursor with a single, soft touch of its control ring. Plus, CRUISE can store personal settings for automatic retrieval each time the computer is powered up.

Parts of system: CRUISE Trackpad

Compatible with: Mac & PC

Number: (000317)

Name: Alpha Smart 3000 Keyboard

Description: A keyboard with a 4 line LCD display. Text may be entered on the machine, then uploaded, edited and printed by plugging into an Apple IIGS, Macintosh or PC computer. The keyboard is used for word processing. It deletes, capitalizes, punctuates and has cursor moves. All other editing functions are done on computer. A tool for initial drafts.

Parts of system: Keyboard, charger, "Y" cord, manual
(2 Systems Available)Key Guard Avail

Compatible with: Macintosh or PC

Number: (000321) & (000325 has the Key Guard (000328) for Alpha Smart 3000)

AlphaSmart 3000

Name: IntelliKeys

Description: An alternate keyboard with overlays for alphabet, alphabet with numbers, numbers or arrows. Use for those who need larger key areas and for adaptations to the keyboard.

- **DEMONSTRATION Only!!!**

Name: iTalk2™ communicator

Description: The iTalk2 dual-message communicator gives students the freedom to choose between two activities, such as listening to music or a story. iTalk2 is also perfect for asking and answering questions, telling jokes and making comments in social situations. With 8.5 seconds of recording time per activation surface, the possibilities are endless. Add a toy or appliance for immediate positive reinforcement and to enhance messages.

Parts of system: Switch.

Compatible with: Independent Device

Number: (000003)

Name: Go Talk 9+ - Communication Device

Description: The GoTalk 9+ has a 48 message capacity (5 levels of 9 keys each, plus 3 core messages which appear across levels). The GoTalk 9+ features 9 keys on the face of the device.

Parts of system: GO Talk 9+, GoTalk Overlay Software (000023)
(software not available)

Compatible with:

Number: (000005)

Name: Go Talk 20+ - Communication Device

Description: GoTalk 20+ is lightweight and rugged, like all GoTalks, and now has a 100 message capacity (20 keys each 1-inch square, and five recording levels). Plus five "core messages" which stay the same on each level so you don't need to re-record essential messages for each level. Plus all new technology providing great sound and volume control. Plus easier sequential recording, an option for whole level erasing and built-in overlay storage. And even with all of these new features, it's a GoTalk so it's still easy-to-use and affordably priced.

Parts of system: GO Talk 20+ , GoTalk Overlay Software (000024)
(software not available)

Compatible with:

Number: (000006)

Name: 32 Message Communicator - Communication Device

Description: 192 different messages at the touch of a button! Lightweight, portable communication device allows you to record and playback 32 3-second messages per level. Change overlays quickly and easily. Features adjustable legs and carrying handle. Requires 4 "AA" batteries. Icons and batteries not included. SIZE: 9"L x 16"W x 3 1/2"D.

Number: (000007)

Name: FL4SH

Description: The FL4SH scanning communicator features four message locations and a highly visible light source that literally frames each picture symbol in succession. It has three scan modes (automatic scan, step-scan and two-switch step scan) and can be activated by direct selection, with one or two switches, or by connecting one switch for each message location. It uses automatic overlay detection - a barcode technology that allows FL4SH to recognize individual overlays and adjust its output accordingly, without the need to switch levels. It comes with twelve clear overlays with pockets for symbols and 16 minutes of recording time, which can be divided between the messages in any way.

Parts of system: FL4SH, Overlays, software, A/C adapter, Manual

Compatible with:

Number: (000008)

Name: L*E*O - Language ECU in One

Description: L*E*O™ is a high-quality communication device that uses a language-enhancing overlay system. Activate pre-recorded, digitized speech messages simply by touching pictures or symbols in a grid or scene. You can also use L*E*O's infrared commands to control lights, small appliances, adapted toys, television, VCR, or DVD.

Parts of system: L*E*O, 3 grids (1,8,32), built in learning remote control, 32 minutes recording time, USB Cable, A/C adapter, Windows Desktop Software, L*E*O users guide

Compatible with:

Number: (000009)

Name: ChatBox 40XT

Description: The ChatBox 40 allows messages to be spoken by pressing buttons on the keyboard and also supports numerous switch scanning options for individuals who are unable to press buttons. The keyboard can support 10 large keys or 40 standard-sized keys. There are 10 levels of messages available with the ability to move from level to level with up and down arrows. A 2-line, LCD display supports text display of the messages and menu driven setup utilities. The "XT" models add basic voice synthesis capability, greatly increasing the flexibility and growth potential for communicators. Individuals may create their own messages on the LCD display using either pre-stored messages or typing on an alphabet keyboard. Advanced scanning featuring auditory prompts supports individuals with visual impairments. The XT models also connect to a computer to provide keyboard emulation.

Parts of System: ChatBox 40XT -Carrying Case

Compatible with:

Number: (000010)

Name: Easy Talk

Description: AAC Device providing 32 minutes of speech on 8 Levels for a total of 320 messages. Possible 40 messages per level.

Parts of system: Easy Talk Unit and Manual

Compatible with:

Number: (000046)

Name: BoardMaker Activity Pad

Description: A truly unique and simple platform which is so flexible, it can serve a wide variety of communication and special education needs. The patented technology uses customizable, interchangeable SmartPockets™ to make changing activities or communication boards as simple as slipping in a different Smartpocket. There is no programming of the device itself

Parts of system: Boardmaker Activity Pad, manual

Compatible with:

Number: (000051)

Name: APPLE - iPad

Description: 16 GB Tablet Computer. The iPad is loaded with Proloquo2Go Communication Software and other low cost applications for the iPad.

Parts of system: Tablet Computer, black case & battery charger.

Compatible with: Independent device - Available for 2 week loan.

(Do not Sync this device with another computer)

Number: (000052)

Name: ChatterVox

Description: ChatterVox is simply the finest portable voice amplifier. It can boost your volume by as much as 18 decibels. It consists of a rechargeable "fanny pack" amplifier and speaker unit along with an extremely comfortable headset microphone. You simply charge the ChatterVox overnight with the included charger, put on the fanny pack and headset, plug the headset into the fanny pack, and adjust the volume knob and your set.

Parts of system: ChatterVox, charger, Headset and case

Compatible with:

Number: (000084)

Vision/Hearing & other **Vision/Hearing & other** Sensory Devices **Sensory Devices**

Name: Magnifier 7X

Description: Distortion-free magnification with LED light, which is bright and relatively cool, make this 7X magnifier an outstanding aid for reading.

Parts of system: Handheld Magnifier

Compatible with: Independent device

Number: (000105)

Name: Magnifier 5X

Description: Distortion-free magnification with LED light, which is bright and relatively cool, make this 5X magnifier an outstanding aid for reading.

Parts of system: Handheld Magnifier

Compatible with: Independent device

Number: (000106)

Name: Can-Do Colossal Long Ring Timer

Description: The face is a full 9 inches in diameter, with tactual numbers that are 1 inch high extended ring.

Parts of system: Timer

Compatible with: Independent device

Number: (000107)

Name: Speaking Language Master

Description: Language Master LM-6000SE. Portable device to make language reference accessible to people who are blind, learning disabled or speech impaired.

Parts of system: Manual carrying case, headphone, electrical adapter, speak easy unit

Compatible with: Independent device

Number: (000108)

Name: GrandStand: Portable Reading Easel

Description: Light-weight and portable reading stand for low vision readers. Waterproof, colorful, durable, and inexpensive. Easy to lift, carry, and lock into position. Folds up when not in use. Adjustable shelf may be raised and lowered to accommodate the height of the reader. Includes clips for holding book pages open (clips not pictured). Top surface measures 15 x 14 1/2 inches. Weighs only 2 1/3 lbs.

Parts of system: Portable Easel and 2 clips to hold books open

Color: BLACK

Number: (000109-000110-000111-000112-000113) 5 available

Name: Cranmer Abacus

Description: 13-rod abacus. Frame measures 6 1/8 x 3 1/4 inches. White beads have a diameter of 3/8 inch. Red felt backing prevents beads from slipping.

An optional metal coupler is available for linking two abacuses together.

Parts of system: Abacus

Color: BLACK

Number: (000114-000115-000116) New (3 available)

Name: Abacus Basic Competency: A Counting Method

Description: An instruction manual for teaching children and adults abacus skills in the four basic math operations. This abacus instructional system uses the Counting Method instead of the traditional indirect method.

Parts of system: Manual

Number: (000117) (000118) New (2 available)

Name: Tactile Demonstration Thermometer

Description:

1. Allows students to independently read, set, and compare temperatures.
2. A two-textured, two-colored adjustable mercury column with an easy-grip tactile indicator
3. Comparable Fahrenheit and Celsius scales presented in both large print and Braille Tactile degree markings every 5 and 10 degrees
4. Mercury column slides up and down to demonstrate temperature reading.

Parts of system:

Number: (000119) New

Name: Fractional Parts of Whole Sets

Description: Tactile circles introduce the concepts of wholes, halves, thirds, and fourths. This set contains one work tray with three form boards and our 3-inch diameter circles, one whole and the others cut into halves, thirds, and fourths.

Parts of system:

Number: (000120) New

Name: Pop-A-Cell (4 pack)

Description: A large-scale Braille cell is on a card measuring 2 5/8 x 4 1/4 inches. Pop the durable plastic cell dots up or down to create various Braille characters. Set of four colors and a Braille Alphabet and Numbers Card.

Parts of system: 4 Pop-A-Cell boards/Braille Alphabet and Numbers

Number: (000121) (000197) 2 available

Name: Large Print Braille/Print Protractor

Description: Bold large print numbers and raised dots mark the 180 degrees of this protractor, with markings every 5 degrees. The lines are bold and the type is 18 point. Protractor features a pivoting wand. When aligned with a certain degree measurement, the corresponding angle is created by the wand and the bottom edge of the protractor. Includes print and Braille instructions.

Parts of system: Large Print Braille/Print Protractor

Number: (000122)

Name: Large Print Protractor Set (4)

Description: Now students can use the same convenient measuring tool in both classroom and assessment situations.

- Lightweight, clear plastic
- Movable, transparent yellow wand
- Open hole where wand is attached for inserting pencil or push pin at vertex of angle
- Notches on bottom left and right allow for pinning the protractor to surface such as a rubber mat
- 6-inch ruler located at bottom of protractor
- Bold, sans serif, 20-point font
- Upper labels mark every 10 degrees from 0° to 180°
- Lower labels mark every 20 degrees from 180° to 0°

Parts of system: Large Print Protractor Set (4)

Number: (000123)

Name: Analog Clock Model

Description: Helps teach about time-telling concepts. Has Braille and raised large print markings and hands that are easily rotated. The hands are synchronized like those of an actual clock (the Model has no motor).

Parts of system:

Number: (000124)

Name: Beginnings "A Practical Guide For Parents and Teachers of Visually Impaired Babies"

Description: This book gives parents or teachers of infants who are visually impaired many easy-to-follow suggestions. Beginnings present ways of building critical skills such as reaching, grasping, midline coordination, walking, etc.

Parts of system: Book

Number: (000125) (000155) 2 available

Name: 1 Foot Braille Rulers

Description: These molded plastic rulers are 12 inches long, 1 1/2 inches wide, an 1/4 inch thick in the center, and taper down to 1/16 inch on the reading edge. A metal caliper slide to aid in accuracy is included (also available separately).

Parts of system: 1 foot Braille Ruler with metal Caliper

Number: (000126) (000127) 2 available

Name: **Swing Cell Compact**

Description: Helps students understand the relationship between the Braille cell and the keys on a braillewriter. Internal storage of pegs. More portable!

Parts of system: **Swing Cell Compact, (12) black pegs, instructions, print and Braille.**

Number: **(000128)**

Name: **Geraldine's Blanket**

Description: On the Way to Literacy Storybook with Real Objects and Textures.

A girl's treasured blanket becomes worn and patched over time, but is never outgrown. Squares of fabric illustrate the fate of the blanket.

Parts of system: **Book**

Number: **(000129)**

Name: **Giggly-Wiggly Snickety-Snick**

Description: On the Way to Literacy Storybook with Real Objects and Textures. Words capture a range of tactile experiences-bumpy, smooth, crunchy, etc. Envelopes on the pages can be filled with real objects (not included)

Parts of system: **Book (Age range - 2.5 - 5)**

Number: **(000130) (000137) 2 available**

Name: **PATTER (Preschool Attainment Through Typical Everyday Routines)**

Description: Patter is a curriculum and assessment tool designed to facilitate skill development by children who are visually impaired in those areas that preschool children are expected to master through involvement in typical household routines.

Parts of system: **Book/CD/DVD**

Number: **(000131)**

Name: **Bumpy Rolls Away**

Description: On the Way to Literacy Storybook with Raised-Line Drawings.

Parts of system: **Book (Age range - 2.5 - 5)**

Number: **(000132)**

Name: **Thingamajig**

Description: On the Way to Literacy Storybook Illustrated with Thermoforms (molded plastic shapes). Jamie is a collector of "thingamajigs" - coins, marbles, buttons, and other common objects. His treasures introduce the concept of grouping items, and identifying missing items.

Parts of system: **Book (Age range - 2.5 - 5)**

Number: **(000133) (000144) 2 available**

Name: **The Gumdrops Tree**

Description: On the Way to Literacy Storybook with Raised-Line Drawings. A tree which grows from a gumdrop! The raised-line drawings depict the growth of the tree. The gumdrops are shown in a row, circle, square, etc, includes scented stickers.

Parts of system: **Book (Age range - 3- 5)**

Number: **(000134) (000143) 2 available**

Name: **Alphabet Scramble**

Description: A read-aloud storybook promoting emergent and early literacy skills. The rhyming story tells of a family of alphabet letters as each sets out to explore the page. As each letter takes a turn crossing the page—shown as a line of repeating letters—the child has the motivation to track along the line of Braille, gaining skill in the hand movements used for Braille reading.

Parts of system: **Book** (Grade Level - P and Up)

Number: **(000135) (000167) 2 available**

Name: **Splish the Fish**

Description: Moving Ahead: Tactile Graphic Storybooks are designed to be the next step for preschool and kindergarten students who have had some experience with simple tactile representations, such as those in APH's On the Way to Literacy series.

Parts of system: **Book** (Grade level - P-K)

Number: **(000136) (000190) 2 available**

Name: **Jellybean Jungle**

Description: On the Way to Literacy Storybook Illustrated with Thermoforms (molded plastic shapes). A counting rhyme about a magical jungle filled with jellybeans. From one to ten, the jellybeans appear in rows for easier counting. Scented stickers included.

Parts of system: **Book** (Age range - 2.5 - 5)

Number: **(000138) (000145) 2 available**

Name: **Discovering the Magic of Reading "Elizabeth's Story"**

Description: Booklet explores ways that parents and teachers of children with visual impairment can make reading aloud an enjoyable learning experience. Provides a compelling account of the value of reading to young children.

Parts of system: **Booklet and VHS tape** (Age range - 0.01 - 5)

Number: **(000139)**

Name: **Lots of Dots - Coloring the Garden**

Description: Is one book in the Lots of Dots Coloring Book Series. An exciting set of three raised-line coloring books designed for future large print and Braille readers. The books are designed for sequential use; children develop character recognition, pre-literacy, and pre-math skills, and eventually picture building and daily living skills.

Parts of system: **Book** 00 (Grade level - P - Up)

Number: **(000140)**

Name: **Lots of Dots - Counting 123**

Description: Is one book in the Lots of Dots Coloring Book Series. An exciting set of three raised-line coloring books designed for future large print and Braille readers. The books are designed for sequential use; children develop character recognition, pre-literacy, and pre-math skills, and eventually picture building and daily living skills.

Parts of system: **Book** (Grade level - P - Up)

Number: **(000141)**

Name: Lots of Dots - Learning My ABC's

Description: Is one book in the Lots of Dots Coloring Book Series. An exciting set of three raised-line coloring books designed for future large print and Braille readers. The books are designed for sequential use; children develop character recognition, pre-literacy, and pre-math skills, and eventually picture building and daily living skills.

Parts of system: Book (Grade level - P - Up)

Number: (000142)

Name: Tactile Treasures - Math and Language Concepts for Young Children
With Visual Impairments

Description: Tactile Treasures is an informal assessment and teaching tool for use with children having little or no vision at the preschool, kindergarten, or early elementary level. It includes a guide book and 3 binders with thermoformed sheets with pictures made from real objects. Guidebook is not in Braille. (Age Range - 4-9)

Number: Guidebook (000146) Binder 1 (000147) Binder 2 (000148)
Binder 3 (000149)

Name: Basic Tactile Anatomy Atlas - Volume I of II

Description: Designed to aid blind and visually impaired students in the study of the human body. Volume I includes illustrations of the skeletal, muscular, nervous, and endocrine systems.

Parts of system:

Number: (000150) New

Name: Basic Tactile Anatomy Atlas - Volume II of II

Description: Designed to aid blind and visually impaired students in the study of the human body. Volume II includes illustrations of the cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems.

Parts of system:

Number: (000151) New

Name: Hands On Guide Book

Description: The activities in this manual are a guide to encouraging blind and visually impaired preschoolers to function independently in the classroom or at home. May be appropriate for kindergarten children, sighted children, hearing impaired children, mild or moderately mentally handicapped children and children with behavior disorders.

Parts of system:

Number: (000152) New

Name: Basic Science Tactile Graphics

Description: Are vacuum-formed raised-line drawings depicting objects, concepts, and relationships, which are covered in nearly all elementary science textbooks. They are intended to supplement, not replace, the graphics in a student's adapted textbook.

Parts of system:

Number: (000153) New

Name: Time for Art

Description: To offer suggestions for endeavors with art for visually impaired students. The enrichment activities provide ideas for more advanced students who show special interest topics.

Parts of system:

Number: (000154) New

Name: On the Way to Literacy - 2nd Edition

Description: Gives teachers and parents information about how literacy develops for a child with a visual impairment. It suggests ways to use everyday events to support a child's active learning as he/she forms a foundation for literacy and bridges into reading.

Parts of system:

Number: (000156) (000157) New 2 available

Name: Large Atlas Maps and Charts

Description: Large format color of atlas maps, charts, map overlay transparencies and symbol guides for students who have low vision, have struggled in the past to use atlases and texts not formatted for their needs.

Parts of system:

Compatible with:

Number: (000158) New

Name: Azer's Interactive Periodic Table Study Set

Description: This interactive study set is designed to make learning about the periodic table of the elements accessible to students with visual impairments or blindness. The included tangible materials complement APH's Periodic Table of the Elements Reference Chart and allow students to enhance their understanding of concepts consistent with the National Science Standards. This set can assist in the instruction and demonstration of concepts related to the arrangement of the periodic table, atomic structure, ionic and covalent bonding, and balancing of chemical equations to students who benefit from a hands-on, interactive model.

Includes:

- 294 interactive hexagonal element pieces
- Additional interactive accessories including coefficient, oxidation, and subscript numbers, arrows, plus signs, parentheses, and assessment pieces
- Tri-fold Veltex® board (37 x 24 inches), used to balance chemical equations and/or display the entire periodic table 2 atomic models with accessories
- Storage binder with accessories
- Large Print Guidebook (with CD-ROM containing html, brf, txt, and dtb versions and a Word® file of the Skills Checklist).

Parts of system:

Number: (000159) New

Name: Periodic Table of Elements Print/Braille Version

Description: Is used worldwide for organizing elements into categories based on how they react and also provides information about their atomic structure. The Periodic Table of Elements is the large tactile version that also goes with the large printed version book.

Parts of system:

Number: (000160) New

Name: APH Sound Page

Description: The APH Sound Page features a digital recording device that may be used with all the On the Way to Literacy series and offers possibilities of other uses in the home and preschool classroom.

Parts of system:

Number: (000161) New

Name: Math Builders Unit 6 Manipulatives - Geometry

Description: is a supplementary math program separated into eight units by content standards and grade level. This allows the teacher to focus on specific standards or provide remedial material for individual students.

Parts of system: Comes with bag A of diagramming strips, yellow geometric forms, 16 mini-set geometro shapes; large geometric shapes, blue felt and Nemeth Code Reference sheet in print and Braille.

Number: (000162) New

Name: Math Builders Unit 1 Manipulatives - Matching, Sorting, Patterning

Description: is a supplementary math program separated into eight units by content standards and grade level. This allows the teacher to focus on specific standards or provide remedial material for individual students.

Parts of system: Comes with bag B and B1 textured shapes, blue felt, stickers and rattle.

Number: (000163) New

Name: Math Builders Unit 8 - Data collection, graphing, and Probability/Statistics

Description: is a supplementary math program separated into eight units by content standards and grade level. This allows the teacher to focus on specific standards or provide remedial material for individual students.

Parts of system: Kit includes Teacher's guide with lesson plans for grades K-3

- Student worksheets for additional practice
- CD-ROM with General Guidelines for Teaching Math to Young Braille Users
- Dozens of manipulative items

Number: (000164) New

Name: Child-guided Strategies: The Van Dijk Approach to Assessment

Description: This product offers an easy-to-use guidebook with an accompanying DVD that follows the assessment of a baby, a young child, and a teenager. The van Dijk assessment is unique as it follows the lead of the individual learner.

Parts of system: Accessible CD w/electronic assessment forms, Guidebook, Large Print, DVD assessment forms

Number: (000165) New

Name: Adapting Science for Students with Visual Impairments: A Handbook for the Classroom Teacher and Teacher of the Visually Impaired

Description: This product is designed to assist teachers, particularly those with minimal science background and/or VI experience, in making operational science activities accessible to students who are visually impaired or blind.

Parts of system: CD with binder

Number: (000166) New

Name: Book about Me

Description: A "Me Book" for children to create, with fill in-the-blank sentences in braille and print, and space to add illustrations and text. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: (000168) New

Name: **The Caterpillar**

Description: A visually impaired child discovers something in her backyard. Has raised line drawings of a hand, foot, steps, and a fuzzy fabric caterpillar. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000169) New**

Name: **The Longest Noodle**

Description: A child finds the world's longest noodle. Raised lines illustrate a shoelace, a jump rope, etc. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000170) New**

Name: **Silly Squiggles**

Description: A wormlike creature stretches, squeezes, and squirms into various shapes in this rhyming story. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000171) New**

Name: **That Terrible Awful Day**

Description: A young child's Popsicle gets smaller as everyone shares a taste. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000172) New**

Name: **Gabs of Gum**

Description: A rhyming story about "big blobs, small gobs, and sticky icky strings of bubblegum." Scented stickers included. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000173) New**

Name: **Jennifer's Messes**

Description: Thermoforms of familiar objects such as breakfast cereal, pretzels, and crayons illustrate the messes made by Jennifer. On the Way to Literacy: Early Experiences for Visually Impaired Children, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000174) New**

Name: **Something Special**

Description: A young child searches for a lost possession; features objects fixed to the book pages. *On the Way to Literacy: Early Experiences for Visually Impaired Children*, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000175) New**

Name: **Roly - Poly Man**

Description: A young child creates a "roly-poly" figure from pieces of clay. *On the Way to Literacy: Early Experiences for Visually Impaired Children*, Recommended ages for storybooks: 2 1/2 to 5 years.

Parts of system:

Number: **(000176) New**

Name: **Teaching Touch**

Description: Helps parents or teachers encourage young children (ages 4 to 7 years) who are blind to become active explorers and readers of tactile graphics. *Teaching Touch* uses real stories to bring important points to life. The included booklet introduces various tactile graphics skills such as: tracking, searching, verbal description, and use of symbols.

Parts of system:

Number: **(000177) New**

Name: **Flip-Over Concept Book - Line Paths**

Description: Provides interactive and independent learning for young children as they build basic concepts and develop early tactile skills. Recommended ages: preschool, kindergarten, and early elementary grades.

Parts of system: Comes with Reader's Guide Line Paths-Print; Reader's Guide Line Paths-Braille, Line Paths Worksheets Set.

Number: **(000178) New**

Name: **Flip-Over Concept Book - Parts of a Whole**

Description: The format of *PARTS OF A WHOLE* consist of tactile, full color panels that can be turned freely until the child finds adjacent panels that match each other, continue a line or pattern, complete a sequence, build an image, and so on. Recommended ages: preschool, kindergarten, and early elementary grades.

Parts of system: Comes with Reader's Guide Parts of a Whole-Print; Reader's Guide Parts of a Whole-Braille.

Number: **(000179) New**

Name: Child-guided Strategies for Assessing Children who are Deaf blind or have Multiple Disabilities

Description: This unique CD-ROM is user-friendly and highly interactive as it demonstrates Dr. van Dijk's strategies and techniques for assessing and teaching children with multiple disabilities through the use of video clips, questions pertaining to the video clips, discussion, and relevant literature. Through an interactive question and answer format, the viewer can design an Individualized Education Plan (IEP) for the example assessments.

Parts of system: Requires Windows 95, 98, 2000, Me, or Windows NT 4 or later. 16 Mb RAM, 640x480, 256-color display

Number: (000180) New

Name: Charge Syndrome Revisited (2007)

Description: The frequency of behavior problems in children with sensory impairment is greater than in other groups of children. Children with CHARGE Syndrome often have a multitude of physical, sensory, endocrinological, and developmental problems. This CD-ROM presents a 5 year follow up of 6 children with CHARGE Syndrome.

Note: This CD-ROM's former title was *Living with CHARGE*

Parts of system: Requires Windows® 95, 98, 2000, ME, or NT 4 or later.

Number: (000181) New

Name: From Russia with Love and Care for Children with Sensory Impairment and Challenging Behaviors

Description: This CD includes an introductory course in Positive Behavioral Support, which outlines the basic principles involved in assessing challenging behaviors of children with multiple disabilities.

Parts of system:

Number: (000182) New

Name: Lottie Kit - TOOLS FOR PRODUCTIVITY

Description: [ONION MOUNTAIN TECHNOLOGY](#)

The LoTTIE Kit for Organization is the eighth kit in our series of low and mid tech tools. We designed this kit as an off-shoot of our very popular Technology and Organization Workshop, and this kit contains a CD with all of the inventories, tool lists, and other activities (in PDF format) that are part of that workshop. This kit was designed to help teachers, therapists, and parents evaluate student needs and strengths in organization in terms of learning and thinking styles and then to find tools which meet individual student needs. In addition, our tools cover 6 different organizational problem areas we have defined - temporal, spatial, categorical, attention, prioritization, and sequential. The kit has a LoTTIE booklet which includes different ideas and strategies for using tools with students.

Parts of system: [Misc](#) (follow link to listing)

Compatible with:

Number: (000357)

Name: Select Switch

Description: A battery-powered switch with function control features that enable individuals to communicate and control battery-operated appliances, toys, and devices. The switch is designed for use in educational and daily living applications. It is useful for individuals with severe motor disabilities and cognitive impairments.

Parts of system: Polarity switch

- 1/8 inch (3.5mm) mono plug (adapters maybe used)
- Four modes of control to meet the users needs
- Low slanting profile to allow easy accessibility
- Smooth adapter plate for users who do not like the bumpy tactile plate
- Suction cup feet
- Controls devices rated from 3-12V DC with a maximum current draw of 1.5A

Number: (V000501) New

Name: Sound Adapted Tangle® Ball Kit

Description: Watch your child be creative with his/her "first sound ball." This ball is great for educational play and doubles as a teething toy. Develops: hand-eye coordination, sound localization skills, fine motor skills, and interaction with others. Made of safe, soft plastic material. **Note: Interior ball can be removed if desired. Some assembly required.**

Recommended ages: 6 months and up, with adult supervision.

Parts of system: Instruction Guide, Large Print, Three Tangle Balls in three different color combinations:
- Black and Red - Black and White - Blue and Yellow

Number: (V000502) New

Name: **Sensory Learning Kit (SLK)**

Description: A kit for use in the development of skills for learners with the most significant challenges. This kit is an extensive set of sensory items and written materials that help the most significantly challenged learners increase their curiosity and develop specific skills. Tools in this kit may be used to help create daily schedules, lesson plans, and alternative assessments for play or functional routines.

Parts of system: Kit Includes:

- *SLK Guidebook* and Assessment Forms
- *SLK Routines Book*
- Three assistive technology switches
- A power control unit
- Multiple appetite items for use in the routines

Number: **(V000503) New**

Name: **Geometry Tactile Graphics Kit**

Description: Set of thermoformed raised-line drawings depicting geometry concepts, figures, and relationships. Graphics are larger and easier for students to measure than those in braille textbooks. Kit includes 26 white plastic thermoform sheets measuring 8 1/2 x 11 inches. 52 drawings total. Recommended ages: 12 years and up.

Parts of system: Includes two specially adapted protractors, a teacher's guide in print and braille, and a storage binder.

Number: **(V000504) New**

Name: **The Hundreds Board and Manipulatives**

Description: These two boards and included manipulative items can be used to help teach basic math concepts. Includes two desk sized boards made of heavy-duty plastic. The Grid Board has a raised-line, 10x10 inch grid outlined in black. Grid is blank and manipulatives can be attached. The Number Board also has a raised-line 10x10 inch grid outlined in black. The grid is preprinted with numbers 1-100 in large print and in Nemeth Braille. This board acts as a reference. There are two kinds of manipulatives, numbers (1-100) and four colored shapes. Recommended ages: 5 to 10 years and up.

Parts of system: Included are hundreds of manipulative pieces made of tough plastic and backed with loop material for attaching to the Grid Board.

Number: **(V000505) New**

Name: **Graphic Aid for Mathematics**

Description: Construct geometric and other figures and graphs related to arithmetic, algebra, geometry, trigonometry, and calculus. Consists of a cork board mounted with a rubber mat embossed with a 34 x 30 grid of 1/2 inch squares. Recommended ages: 8 years and up.

Parts of system: Included are three flat spring wires, 14 push pins, and rubber bands.

Number: **(V000506) (V000507) New 2 available**

Name: Quick-Draw Paper

Description: Create instant tactile graphics that are useful for a wide variety of art, orientation & mobility, diagramming, and educational activities. Simply draw on paper surface with a water-based marker and the lines will swell instantly and become tactile. Recommended ages: 4 years and up.

Parts of system:

Number: (V000508) New

Name: Setting the Stage for Tactile Understanding "Making Tactile Pictures Make Sense"

Description: This set of tangible items and activities assists young tactile readers in making the transition from the exploration of real objects to the interpretation of two-dimensional representations, both in thermoformed formats and simple raised line illustrations. A 3-D house model aids with advanced understanding of scale and perspective. Recommended ages: 5 years and up.

Parts of system:

Number: (V000509) New

Name: Tactile Connections - Symbols for Communication

Description: An augmentative communication system for learners who are nonverbal and who have multiple disabilities. This kit helps teachers create a tactile card system that is individualized for visually impaired and blind learners who have additional disabilities and/or lack a formal means of communication or literacy. The tactile symbols are created when part of an object is mounted on a hand-sized card representing core vocabulary categories (e.g. people, places, actions, objects, etc.). Recommended ages: 5 years and up.

Parts of system: Includes:

- Large Print Guidebook with CD-ROM. The CD provides PDF, HTML, and BRF editions of the guidebook.
- 105 Mounting Cards in a variety of colors and shapes (15 each of 7 different colors).
- Storage box
- Accessories with Caulk, a starter-package for card assembly. Includes items such as caulk, Velcro® tabs, craft foam, puff paint, needlepoint canvas, rhinestones, adhesive material for braille and print labels, etc.

Number: (V000510) New

Name: Word Play House

Description: Helps students focus on phonics, spelling, and phonemic awareness. Use Word PlayHouse to teach beginning phonics and reading skills including letter recognition, braille code recognition, decoding, vocabulary, and spelling skills.

Parts of system: Kit Includes:

- 435 letter tiles in large print with a braille overlay and a Velcro backing. Tiles containing contracted and uncontracted Braille are included for some blends and word families.
- A bi-fold felt work board provides a working space for the student. One side can be used for working storage of letters, the other side can be used as a working space for manipulating letters.
- A storage binder, with five Veltex® covered binder inserts.

Recommended ages: 5 to 8 years

Number: (V000511) New

Name: Sunshine Kit 1, Upper Emergent

Description: The Early Braille Trade Books Project combines commercially available books with braille labels for beginning readers. Each kit includes books, braille labels, and access to an interactive website, please visit: <http://tech.aph.org/ebt/>

Parts of system: 14 books, braille label packs, and a Quick Start Guide:

- Along Comes Jake
- Bread
- The Cooking Pot
- Mr. Grump
- The Monkey Bridge
- Noise
- Nowhere and Nothing
- Old Grizzly
- Ratty-Tatty
- The Seed
- Spider, Spider
- The Tiny Woman's Coat
- What Would You Like?
- Where Are You Going, Aja Rose?

Number: (V000512) New

Name: Sunshine Kit 2, Upper Emergent

Description: The Early Braille Trade Books Project combines commercially available books with braille labels for beginning readers. Each kit includes books, braille labels, and access to an interactive website, please visit: <http://tech.aph.org/ebt/>

Parts of system: 12 books, braille label packs, and a Quick Start Guide:

- The Big Laugh
- The Green Dragon
- Griffin, the School Cat
- The Horrible Urktar of Or
- Just Like Me
- My Feet Are Just Right
- Sione Went Fishing
- A Spinning Snake
- Trees are Special
- Yippy-Day-Yippy-Doo!
- You Can Make Skittles
- You Did It!

Number: (V000513) New

Name: All-In-One Board

Description: This multi-platform, easily-adjustable board from APH can be used in combination with either hook-Velcro accessories or magnetic pieces (homemade, obtained from APH, or purchased commercially), as well as with dry erase markers to facilitate a variety of learning activities. Board can be positioned at a variety of angles. Surface of board measures 23 9/16 x 14 inches. For classroom use with students of all ages.

Parts of system: Includes:

- All-in-One Board (Magnetic/Velcro/Dry Erase)
- Starter package of dry erase markers
- Protective storage and carrying case

Number: (V000514) New

Name: Mini-Lite Box with Transparent Overlays

Description: APH's Mini-Lite Box is smaller, lighter, and more affordable than its full-size cousin, the Light Box. The Mini-Lite box is usable at a student's desk or on his/her lap. Individual items from Light Box Materials Levels I, II, and III can be used with the Mini-Lite Box. Transparent Overlays Set includes one clear, four color, and a sheet of clear, flexible plastic. The color overlays may be used to promote light awareness; improve contrast and visibility; and introduce color matching. The clear overlay may be used with black and color markers. The flexible overlay offers a slip-resistant surface for acrylic materials.

Parts of system:

- Features Dimming control
- Built-in combination handle/tilting stand with 11 positioning angles
- Child safe case
- Operates 3-4 hours on included rechargeable batteries or can be plugged in with included AC adapter
- Low battery audio signal
- Ledges hold overlays in place

Number: (V000515) New

Name: Sense of Science - Plants

Description: This is the first module of a unique science series for visually impaired students in grades K-3, and for other students who may benefit from a multi-sensory approach to learning and up. The main component in each Sense of Science kit from APH is a set of colorful, raised-line overlays designed to be used with a light box, or as stand-alone items. An accompanying guidebook suggests activities using the overlays and supplemental teacher-provided materials to enhance and extend the learning experience.

Parts of system: A large print guidebook (braille edition available separately) with activities to teach basic plant concepts.

- Overlays include bean seed cross-section, flower, leaf, tree, etc.
- Two work trays. Recommended ages: 5 to 10 years.

Number: (V000516) New

Name: ENVISION I w/Telescope Array

Description: Simulates standard street signs, addresses, international symbols, and familiar objects.

Parts of system: Includes 2 large print teacher manuals for monocular telescopes: one for students 10 and younger, and one for students 11 and older

- Consumable materials packet with Clinician Report Forms, Student/Parent Interview Forms, and Certificates
- 48 distance cards
- Two "Emmy the Emu" puppets
- One Tote bag
- 1 each of these monocular telescopes: 2X, 4X, 6X, 8X, 10X in a foam-lined case

Number: (V000517) New

Name: ENVISION II w/Magnifier Array

Description: Simulates graphics and print used in textbooks and literature.

Parts of system: Includes 2 large print teacher's manuals for handheld magnifiers: one for students 10 and younger, and one for students 11 and older.

- Two student activity books
- Consumable materials packet with Clinician Report Forms, Student/Parent Interview Forms, and Certificates
- Two "Emmy the Emu" puppets
- Five Mystery of the Magnifiers comic books
- One Tote bag
- 1 each of these magnifiers: 1.6X, 4X, 5X, 7X, 10X in a foam-lined case

Number: (V000518) New

Name: Scattered Crowns - Tactile Attribute Game

Description: A fun, versatile board game that encourages young children, especially those with visual impairments or blindness, to develop tactile skills. As players search for crowns with specific attributes: band texture (smooth, rough, or striped), number of jewels (1, 2, or 3), and number of points (3, 4, or 5).

they will practice:

- Texture/shape/size discrimination
- Tactile memory
- Systematic searching skills
- Spatial concepts

Other concepts and skills practiced during game play include counting skills, turn-taking, sorting/organizing, and social interaction skills. The game is conducive to playing classic "concentration" games using the crown pieces or user-constructed matching game pieces (e.g., basic shapes, braille words/letters, etc.) Recommended ages: 5 and up.

Number: (V000519) New

Name: Game Kit Bag

Description: The Game Kit is a collection of common game parts designed for use by low vision or blind players. Parts can be used to play games from the included handbook, to adapt commercial games, or to create new games. Can be used to build social skills or to review school subjects by means of a game. Recommended ages: 5 years and up.

Number: (V000520) (V000521) New 2 available

Name: Jacob's Rib-It-Ball 18"

Description: This fun ball is easy to grab and have high contrast ribbing. "Crinkly" fabric in the ribs adds an auditory component. This inflatable, latex free multicolored ball have been designed in two-color combinations, making it easier for visual orientation.

Note: Not designed to be used as a therapy ball. Excessive weight should not be placed upon it.

Number: (V000522) New

Name: Jacob's Rib-It-Ball 30"

Description: This fun ball is easy to grab and have high contrast ribbing. "Crinkly" fabric in the ribs adds an auditory component. This inflatable, latex free multicolored ball have been designed in two-color combinations, making it easier for visual orientation.

Note: Not designed to be used as a therapy ball. Excessive weight should not be placed upon it.

Parts of system: The 30-inch Jacob's Rib-It- Ball includes a foot pump for easier inflation.

Number: (V000523) New

Name: 30-Centimeter Flexible Braille Ruler

Description: This flexible ruler allows tactual and visual measurement of flat or curved surfaces. Recommended ages: 5 years and up.

Parts of system:

Number: (V000524) (V000525) (V000526) (V000527) (V000528) New 5 available

Name: Assorted Feel N Peel Sticker Set

Description: Multi-use tactile/visual stickers for students and adults. Bright, translucent colors, durable plastic. Examples of use include:

- Point Symbols: graphs, game boards, microwave buttons
- Reward Statements: grading papers, rewarding behavior
- Faces: attendance, reading list progress
- Alphabet: labeling folders, identifying belongings, diagrams

Number: (V000529) New

Name: Magnifier 3X, 4X, 7X

Description: Two Lenses-used singly or paired for three different magnifying powers. Lenses of optical GLASS are precision ground and polished. For hobby and work activities. Serving also as a handle, the durable case protects the lenses from impact, dust and dirt.

Parts of system: Handheld Magnifier

Compatible with: Independent device

Number: (V000530)

Literacy

Name: Start to Finish Books - (Don Johnston)

Description: Reading program that includes a book to read, listen to or follow along on the computer and have it read. Great reading tool for struggling readers. Reading level 2-3 Gold Series, reading level 4-5 Blue Series.

Parts of system: 1 Book, 1 Cd, 1 Cassette Tape (older books have a cassette tape)

Compatible with: Macintosh or PC

Name: ClassMate Reader by Humanware

Description: The ClassMate Reader is a new portable text reader designed to boost reading and learning independence. Students can listen to the audio version of their textbooks and study materials, while following the highlighted text on screen. Students gain access to their curricular materials anywhere and anytime with this easy-to-use device.

Parts of system: ClassMate Reader, transfer cable

Compatible with:

Number: (000425)

Name: START TO FINISH CORE CONTENT BOOKS

Description: Start to Finish Core Content Books provide struggling readers the opportunity to experience informational text and comprehensive reading supports that provide appropriate, curriculum-based reading materials.

- Introduction plus 6 chapters, 4,000-8,000 words per book, 150-200 words per page, 800-1,100 words per chapter, large, full-color photos and illustrations placed to support text, short video clips support difficult concepts, sentence-by-sentence highlighting, one-page viewable on screen (**Grade 4-5 Readability**)

Title in Lending Library:

Amazing Creatures of the Galapagos Islands

Parts of system: Book, CD's

Compatible with: Macintosh/Windows

Number: (000477)

Name: START TO FINISH LITERACY STARTER BOOKS

Description: An effective means for developing beginning readers' word knowledge and comprehension is exposure to text. For students with significant reading difficulties, meaningful reading experiences should happen throughout the day and with a variety of texts. Start-to-Finish Literacy Starters offers topic-specific sets that combine **Enrichment**, **Transitional** and **Conventional** text types to accomplish **all-day reading experiences**. This allows teachers to take every opportunity to create teachable moments that introduce reading skills through both direct and indirect approaches.
(Pre-K -12)

Titles in Lending Library:

INSECTS - NECESSITY OR NUISANCE

(3 different cards - Enrichment, Transitional, Conventional)

- 1 Teacher Materials CD ROM & Guide

- 1 9"x12" Hanging Media Pouch

Compatible with: Macintosh/Windows

Number: (000478) & (000479)

Name: Intellitools Balanced Literacy

Description: *IntelliTools Reading: Balanced Literacy* provides a balanced approach to early literacy instruction for first-grade level readers. The research-based, award-winning program integrates guided reading, supported writing, and word study or phonics activities. Nine units, built around animal themes, engage students in a year-long classroom program, extended day program, or summer school program that supports and supplements their classroom language arts curriculum.

Parts of system: Contains curriculum

Compatible with: Independent device

Number: (000480)

Name: BookWorm

Description: BookWorm provides a simple and friendly way for students with disabilities to "read" their favorite books or classroom worksheets. By attaching the book pages or worksheets to BookWorm, teachers can ensure that all students enjoy a similar reading experience. It takes less than 15 minutes to prepare-just select a book, clip it onto BookWorm, attach page detectors and record each sentence. Students are able to "read" the book by listening to your recorded voice. They can read together with their peers or use headphones to read by themselves. Features high-quality sound output for maximum learning retention. Single-switch accessible.

Parts of system: BookWorm/Carrying Bag/Accessories

Compatible with:

Number: (000481)

Name: WhisperPhone!

Description: WhisperPhone is a hands-free, acoustical voice-feedback headset that enables learners to focus and hear the sounds that make up words ten times more clearly. This enhances learning.

Parts of system: WhisperPhone/Instructions (4 available)

Compatible with:

Number: (000482) - (000483) - (000484) - (000485)

Name: My Own Book Shelf

Description: By SoftTouch. My Own Bookshelf is the acclaimed, simple to use authoring program with which teachers and parents can create libraries (bookshelves) of accessible books, stories, lessons, linear tasks, or classroom materials. Easy to use screens lead educators through the book building process. Include sound files, video, pictures, and narration to build each book. Students can independently access their own "bookshelf" of books and activities. Accessible by mouse, touchscreen, IntelliKeys Keyboard, and switch. Mac or Windows 2000, ME, and XP only.

Parts of system: CD Rom

Compatible with:

Number: (000488)

Name: CD ROM Disks

Description: A series of CD ROM disks that are designed for early learning.

*Marblesoft - The Early Learning Suite - (ages 2-7) (000390) M
